OPTIONAL EXPEDITION EXPERIENCES

KAYAKING (ANT301)

DEPARTURES: AM and PM whenever weather permits.

AVAILABILITY: Captain's Choice, weather permitting.
PRICE: \$200 PER GUEST, PER OUTING.

Alongside a kayak master, experienced kayakers have the opportunity to set off through Antarctica's unspoiled waters in tandem ocean kayaks. Our kayak masters help you navigate the ice floes as you make your way through the water channels that bring you close to nature. With their guidance, you can safely cruise through the waters, perhaps even coming close to penguins as they dive from the ice floes into the sea. Kayaking offers a unique point of view of The White Continent as each paddle stroke takes you further from the ship and deeper into the heart of Antarctica. As you rush through the waters with your kayak, the astonishing blues and whites of the icebergs take your breath away. But take a few minutes to be still as well, because that's when incredible moments can take place, like the possibility of a whale breaching the water's surface mere feet away from your kayak.

NOTE: This excursion may not be offered on every expedition and is subject to weather conditions for availability. The onboard crew will provide a brief tutorial for proper use of the equipment that will also help determine your physical ability to operate it safely and properly.
